

“Good morning, ladies and gentlemen, respected faculty members, our esteemed guest, and my dear fellow tech enthusiasts!

I am Sonali Kale, Core team member of The Cyber Force, LDCE — and I’ll be your host for today’s power-packed session on the fascinating world of cybersecurity.

Today, we’re not just talking about cybersecurity... we’re living it, learning it, and experiencing it — live, in action!”

1. Welcome & Introduction

“A very good morning to everyone present here. On behalf of The Cyber Force, LDCE, I extend a warm welcome to all of you to today’s expert session — **Cybersecurity in Practice: Scanning, Monitoring & Defense Tools.”**

“We are truly excited to have you here as we dive into the fascinating world of cybersecurity — not just theory, but practical, real-world defense.”

2. About the Club

“The Cyber Force, LDCE, is our college’s official cybersecurity club, dedicated to creating awareness, building skills, and empowering students to protect the digital world. Through workshops, CTFs, and expert sessions like this one, we aim to inspire and prepare the next generation of cyber defenders.”

3. Why This Session is Important

“In today’s connected world, cybersecurity isn’t just a buzzword — it’s a battlefield. Attacks can happen anytime, anywhere, and the best defense is knowledge combined with skills. This session will help you understand how systems are scanned, monitored, and protected in real time.”

4. Introduction of the Speaker

“We are honored to have with us **Prof. Archana Gondaliya**, Assistant Professor in the Computer Engineering Department at LDCE. She has been actively guiding students in networking, cybersecurity, and system protection techniques. Today, she will take us from concepts to real-life demonstrations in scanning, monitoring, and defense tools.”

5. Memento Presentation

“That was indeed an enriching session. As a token of our gratitude, we would like to present a memento to Prof. Archana Gondaliya for taking the time to share her knowledge with us today.”

“I request [Name of faculty coordinator / club president] to kindly come forward and present the memento to ma’am.”

(Pause for memento presentation — smile, applause, and photos)

“Thank you, ma’am. We truly appreciate your contribution.”

6. Handover to the Speaker

“Without further delay, let’s welcome Prof. Archana Gondaliya with a big round of applause as she takes us into the world of practical cybersecurity.”

7. Session Continues

(Speaker delivers session)

9. Post-Session Thank You

“Once again, thank you, ma’am, for the insightful and practical session. I’m sure we’ve all learned something new today — from how attacks are detected to the tools used for defending systems.”

10. Closing & Announcements

“Before we conclude, we’d like to thank all the participants for joining us today. Stay connected with us on Instagram **@thecyberforce_idce** for upcoming workshops, fun events, and competitions.”

“With that, we officially close today’s expert session. Have a great day ahead and keep your cyber defenses strong!”
